

JOHN PUTMAN of Kanawha County

In the early 1800 to 1810 time frame a John Putman was in Kanawha County. I am not really certain who he was, but I lean towards his coming out of Culpeper County with his father John Putman.

He was in Kanawha County, West Virginia in the 1810 census, and in St. Louis County, Missouri for the 1830 census report. I just hope this is all the same guy.

I have listed his life in the section on **KENTUCKY PUTMANS** simply for some convenience and with a lot of guesswork.
