HENRY PUTNAM

Medford, Massachusetts to Charleston, South Carolina to Savannah, Georgia and finally to Putnam County Georgia

As mentioned in the South Carolina section, this Henry was born in Medford, Massachusetts and was ship wrecked off the Charleston coast in 1775 on his way to the Bahamas. He remained in Charleston, South Carolina through the Revolution. He married Susannah Fraser/Frazier, daughter of a British Officer in Nassau, New Providence (Bahamas Islands) in about 1780. They went into Savannah, Georgia in 1785.

Henry is listed as number 1048 in Eben Putnam's works on the New England family. According to a relative, his full name was Israel Henry Putnam.

Susannah died in Savannah October 30, 1798. He briefly married a widow, Mary Margaret (Grive) Salter in 1800 and she died two years later on October 10, 1802.

Henry seems to have been an early resident of Putnam County, Georgia. His son James Madison Putnam was born in Eatonton, Putnam County, Georgia in 1810. Henry witnessed a will there in 1813 and was carried on the 1813 tax list under his own name and also as Attorney and Trustee for his children George and Adeline. He married his third wife, Priscilla Croom about this time and most likely in Putnam County.

He then died about 1815 or so. Priscilla is shown as a widowed head of the household in the 1820 census of Putnam County, Georgia. There is a marriage record of Priscilla marrying Christian D. Hirst on November 11, 1818, but this was their daughter (I think). Priscilla, the mother, did however remarry to Albritton Ward in Putnam County on November 17, 1825.

Henry had children by each his first and third wife. George and Harriett Francis by Susanna, and Adeline M. and James Madison by Priscilla. Then I have a Thomas Jefferson and Priscilla that I just am not sure about.

Priscilla and Henry's *orphans* received land in the 1820 Georgia Land Lottery. The children in Early County and Priscilla in Houston County.

Priscilla was living with her daughter Adeline and that family in Fayette County, Georgia in the 1850 census, again a widow. She died in April of 1873.

As near as I can figure, Henry's Children were:

GEORGE FRAZIER PUTNAM was born about 1787 and died in Savannah, Georgia in 1845. He seems to have remained in Savannah with his sister after his father moved to Putnam County. He became guardian of his brother James and sister Adeline after his dad died. He never married.

HARRIETT FRANCIS PUTNAM was born in 1786 and married John Carnochan of Savannah on April 26, 1806. She died in Bel Aire, Florida on October 18, 1856. John died in 1841 and is buried in Pensacola Florida. They had:

JAMES MADISON PUTNAM was born March 12, 1810 in Putnam County. He took the lottery lands in Early County and settled near the town of Arlington. He married Susan Wells Milner in Meriwether County on October 13, 1831. They lived in Meriwether County until the early 1850s and then were in Fayette County Georgia.
